I spoke with Craig. The other two operators, Barnett Env. Mgmt. and Foxborough Energy, declined to respond to the data request. Craig said everything received was posted.

Subject: Parker-Tarrant-Wise Counties Injection Well Data

Hello Nancy!

I talked to my manager, and from what I understand this information is being collected by the new seismologist the RRC hired.

His name is Craig Pearson and his number is 512-463-8252. I also CC'd him in the email so you could contact him.

If you need anything else, don't hesitate to ask!

Thanks!
